

Upstream Watch Gathering

Join us for a live discussion and update

July 6
5 p.m.

Bayside Community Hall
813 Shore Rd., Northport

Nordic Aquafarms and the City of Belfast are colluding to distort the long-settled purpose of eminent domain by allowing any parcel of land along the coast to be seized by the government for the benefit of a private corporation. This precedent threatens all of Maine's hard-won coastal conservation, and indeed all conserved land throughout the state. This cannot stand.

Please join us for a wide-ranging discussion, led by Upstream Watch's board members and attorneys.

Meeting Agenda

| Speaker: | Topic: |
|--|--|
| Amy Grant President, Upstream Watch | Introduction |
| David Perkins Attorney, Curtis Thaxter | Update on the eminent domain and conservation easement case & USW's role in this legal process |
| Dave Losee Attorney | Planning Board appeal and Nordic permit suspensions |
| Susie O'Keeffe Board Member, Upstream Watch | Ongoing support |
| Amy Grant President, Upstream Watch | Announcement and opening for questions |

No RSVP needed - all are welcome.
